How do I search the Arkansas Democrat-Gazette On-line Index?

This Index consists of brief summarizing statements of the news of Arkansas as published in the final, Little Rock edition of the Arkansas Democrat-Gazette. The ATU Library's corresponding microfilm collection is of this final Little Rock edition, as well. Use the following links for further search instructions.

Field Definitions

Only those articles dealing with Arkansas people, places and events are considered for inclusion. Pertinent articles that apply to events or people located out of state, but that have Arkansas connections, have the location in parenthesis following the subject heading:

AVIATION - Accidents (Florida)

KIDNAPPINGS - (Louisiana)

MURDERS - (Missouri)

Material not considered useful for future reference is omitted. Routine articles reporting on most sporting events, social events and business activities are omitted, as are most obituaries.

Subject Headings

Subject headings are the main type of entry and are used when possible. Names of prominent people, firms and organizations are used as entries, but most names are cross-referenced to subjects. Due to the amount of material or the nature of some headings, geographical and political subdivisions are added, for clarification.

To perform a search:

1. Enter search term(s) in the "Subject" field, i.e.: "telephone service". Searches are not case sensitive.
2. Click "Search".

The heading **BOOKS AND WRITING** is used for articles on books or writing in general.

Names

Names are entered in the index as they appear in the newspaper. Because verification of a name is often impossible, identical names for different people may have been entered under the same heading. Names beginning with **MAC** and **MC** are arranged as spelled. Citations are arranged alphabetically for most entries under the subject headings; however, citations with quotation marks, parentheses or numerals appear first in the list.

Obituaries for prominent citizens are included, with entries, also, under the name of the deceased.

Deaths other than obituaries are included under such headings as:

DEATHS - Accidents

DEATHS - Animal Attacks

DEATHS - Fires

DEATHS - Traffic Fatalities

Reference from a person's name to a subject **does not** indicate if the named person is directly involved or is merely mentioned under the topic. In all cases, the article should be read for clarification of this point.

The search for **Mandleco, Walter** offers the following results.

Search Tips

For the most efficient searching, please keep in mind the following when using our site: This is not searching all the text of the Arkansas Democrat Gazette site. It only searches through titles and abstracts as compiled by the indexer.

It is doing relevance matching only on words exactly as entered.

It cannot do Boolean searching (AND, OR, NOT, +, -) or phrase searching (these words in conjunction with these words.)

Results are sorted alphabetically, with quotation marks and numerals arranged first in the lists.

The broader the search terms entered, the more results that will appear. A search for CLINTON, BILL will result in thousands of entries, but a search for CLINTON, BILL - International Relations - Korea, North will result in very few entries.

When in doubt about a specific subject heading, any part of a heading will retrieve results.

It is possible to further search the Arkansas Democrat Gazette on-line archives at <http://www.ardemgaz.com/> for relevant articles that appear in other editions of the paper that are not included in this index; i.e., the Northwest Arkansas edition.

EXAMPLE:

In the search box, type **Briley, Jacob** and click "Archives".

The screenshot shows the ArkansasOnline website interface. At the top, there is a navigation bar with links for Home, News, Business, Entertainment, Features, Sports, Photos, Video, Archives, Auto, Classifieds, Real Estate, JobsArkansas, and Weather. Below this is a search box with the placeholder text "type your keywords here". To the right of the search box is a "News" link, which is circled in red. Other links include "Classifieds", "Stacks", and "Google". The main content area is divided into several sections: "Regular" gas prices at 319 9/10, "Plus" at 334 9/10, and "V-Power" at 347 9/10. There is also a "Latest News" section with headlines such as "Shuttle starts trip back to launch pad" and "Consumer inflation moderates slightly in April despite surging gasoline prices". On the right side, there is an "ADG Videos" section with links to "30th annual Joe Martin Stage Race", "7A Baseball Championship", and "7A Softball Finals". At the bottom, there is a "Top Stories" section with a headline "Toddler feared dead after flash flood sweeps away stroller in Denver" and an advertisement for "ancestry.com" with the text "MEET YOUR ANCESTORS."

The first citation is taken directly from the on-line Arkansas Democrat Gazette Digital Archive. It appeared in the Northwest edition, Fayetteville, but was not included in the last Little Rock edition for that date.

The second citation appeared in the Little Rock edition.
